

Holiday Meal Heating Instructions

• SPIRAL SLICED HAM •

Preheat oven to 300°. Your Spiral Sliced Ham is fully cooked. To heat ham, remove from plastic bag and place ham in roasting pan in heated oven for 15 minutes per pound. If you want your ham glazed please follow instructions on the glaze packet.

Do not over heat, or ham will be dry. Let stand 20 minutes before carving.

• PREMIUM SMOKED TURKEY •

Preheat oven to 350° F. Remove wrapper. Place thawed turkey, breast side up, on flat rack in shallow roasting pan 2 to 2½ inches deep. DO NOT stuff. Brush or spray skin lightly with vegetable or cooking oil for best appearance. Insert oven-safe meat thermometer deep into the thigh without touching the bone. Begin checking the turkey for doneness about 30 minutes before the recommended cook time.

Your turkey is done when the meat thermometer reaches 140°F in thigh. Carve and serve immediately.

• PREMIUM ROASTED TURKEY •

Preheat oven to 300° F. Remove outer and inner bags placing turkey and juices in large roasting pan.

Reheat uncovered on lower rack in oven to 2-2.5 hours. Let rest 20 minutes before cutting.

• PRIME RIB •

Preheat oven to 275°. Your prime rib is fully cooked. To heat prime rib, place in a roasting pan without any liquid and heat for approximately 20-30 minutes to an internal temperature of 125°.

• MEALS FOR 2 •

Preheat oven to 325°. Heat Rotisserie Turkey and Spiral Sliced Ham in container. Heat in oven for 10-15 minutes until the desired temperature is reached, being careful not to over heat or it may cause product to be dry. Microwave for 3-4 minutes until the desired temperature is reached, being careful not to over heat or it may cause product to be dry.

• SIDES •

Preheat oven to 325°. Sides are in microwavable and ovenable containers. To heat in oven, remove lids, cover with foil and heat for 15–20 minutes until the desired temperature is reached. To heat by microwave, remove lids, cover to prevent splattering and heat for 2-3 minutes. Stir and continue cooking until desired temperature is reached. Product should reach at least 165° for optimum flavor and safety.

• GOURMET DINNER ROLLS •

Preheat oven to 300°. To heat gourmet dinner rolls, remove from plastic bags and place rolls on tray in heated oven for 3-5 minutes.
